The Public Meeting Reporting for this cycle of HBCA was that of Boulder Community Health’s Community Health Needs Assessment meetings. BCH expanded the number of community input sessions and invitees for these meetings from that of prior years. The sessions prove to be invaluable in gathering feedback and validating process results. BCH held five separate professionally facilitated sessions by sector: BCH Patient Family Advisory Council, BCH Board of Directors and BCH Foundation Trustees, Boulder Not for Profit Organizations, BCH Nurse Practice Council and Clinical Staff, and Boulder City and County Services Departments were invited.

Describe the actions taken as a result of feedback from meeting participants:

This series of meetings occurred to solicit community feedback on the 2020-2022 Boulder Community Health Community Health Needs Assessment. Participant feedback was utilized in refining the content of the CHNA particularly in validation of the top health needs of the community. Session participants experience, opinion, and feedback were invaluable in constructing the Implementation strategy.
