If you qualify and would prefer to receive one of Medicare’s covered Wellness services (i.e., Welcome to Medicare or Annual Wellness Visit), complete the attached forms & questionnaires and present them at the time of your appointment.

- Medicare Advantage primary (i.e. Medicare Part C / Replacement Plan): Please check with your insurance plan to verify your benefits and coverage for this routine annual physical exam service.

*Medicare Wellness* Visits

**IMPORTANT:** The three Medicare-created *wellness visits* are focused on wellness, risk-factor reduction, and prevention. They are **not the same** as a “routine physical checkup” or “routine annual exam”. There continues to be **no coverage from Medicare for traditional, age-specific physicals.**

These 3 Medicare-created *wellness visits* are covered by Medicare at 100%, without deductible or coinsurance, as long as the frequency limits are not exceeded

1. **“Welcome to Medicare” or IPPE:** once per lifetime in the first 12 months of Part B enrollment

2. **Annual Wellness Visit, initial:** once per lifetime after the first 12 months of Part B enrollment and at least 12 months after a “Welcome to Medicare” visit (if applicable)

3. **Annual Wellness Visit, subsequent:** once every 12 months, first one at least 12 months after the initial Annual Wellness Visit

These *wellness visits* **do not include** any clinical laboratory tests, but the provider may separately order such tests during one of these visits. All laboratory tests are subject to Medicare’s applicable coverage guidelines and frequency limits. Deductible and coinsurance may be applied.

The *wellness visits* **do not include** other routine preventive services that Medicare covers (i.e., Pelvic/Breast exam, Pap smear, Influenza and pneumonia vaccines, smoking cessation counseling, etc.). These services can be provided alongside one of the *wellness visits* and billed separately to Medicare. These services are subject to their own Medicare coverage guidelines and frequency limits. Deductible and coinsurance may be applied.

An additional office visit (E&M) service can be provided alongside one of the *wellness visits* and billed separately to Medicare if it is significant, separate and medically necessary to treat a new or established health problem. This service is subject to its own Medicare coverage guidelines and limitation. Deductible and coinsurance will be applied.

For additional information about any of Medicare’s service you can go to Medicare’s beneficiary website at [www.medicare.gov](http://www.medicare.gov)
